MEMORANDUM FOR: Acting Director of Central Intelligence

FROM   :   David Y. McManis
                  National Intelligence Officer for Warning

SUBJECT   :   DOE/NIC Coordinating Meeting, 1 February 1984

    1. In an effort to improve the interaction between DOE and
NIO's on selected issues such as nuclear-related NIE's, sensors
for NUCINT collection, and relationships with the DOE Emergency
Response Center, the following persons met on 1 February 1984:

        Charles V. Boykin, Deputy Assistant Secretary for
    Intelligence, DOE
        James Rawers, DOE
        Larry Forsyth, DOE
        Brant Jones, DOE
        David Low, NIO/AL-NP
        David Whipple, NIO/CT
        David McManis, NIO/W
                        A/NIO/W   25X1

                                                                     25X1

    3. The group also considered the possibility of publishing
an NIE that defines the threat of nuclear terrorism to western
facilities, weapons, and systems. There was agreement that a
well-tailored document would be useful and DOE will draft a short
strawman TOR to validate our general impressions before
proceeding.

    4. Mr. McManis invited DOE to become a member of the
Washington Area Operations-Intelligence Center Chiefs (WAOCC)
Conference and participate in the next meeting in April. DOE

also agreed to present a briefing to the WAOCC on nuclear terrorism as a part of a one-day symposium on warning and alert center interaction during crises.

5. Each of the NIO's will proceed with their individual areas of interest but will continue a close exchange because of the interplay of warning, counterterrorism, and nuclear proliferation in DOE elements.

David Y. McManis
